

MAGNETIC TEST REPORT

Testing requirements and acceptance criteria

Welding code: AWS D1.1 (2015)

Acceptance criteria: Section 6

Equipment identification

Equipment No.: 701 Manufacturing / Mark: Magnaflux Model: Y-1 Serial number: 4423

Method of inspection

Procedure No.: WI.13.04

Equipment type: Electromagnetic yoke

Technique: Visible dry

Current: Direct current (DC)

Method: Continuous

Amperage: 6 Amps

Direction of field: Longitudinal

Results

Sector	Block	Division	Piece mark	Description	Grade of steel	Accepted	Rejected
